Magician*

Key Features included in TinLizzie18 Long Arm Quilters

Lizzie Stitch: Your TinLizzie18 models feature soft-touch button controls on each handle. When you select the famous Lizzie Stitch, your machine coordinates with your movements; as you move the machine it sews, when you stop it stops with you. With stitch regulation so precise, and stitching as small as 21 stitches per inch, you have the finest ability for micro stippling.

Oil Reservoir: Your TinLizzie18 models require little maintenance. The oil is self-contained so you no longer have to worry about oil on your quilts or oiling the hook with every bobbin change.

Flexible Lamp: Your TinLizzie18 models offer you light where you need it! This flexible lamp bends close for micro stippling, and adjusts to the back for pantographs.

Built-in Bobbin Winder with Large Bobbin: Your TinLizzie18 models offer a built-in bobbin winder that winds while you quilt so your next bobbin is always full and ready. It also features the largest available bobbin capacity, the M-size bobbin.

Park City Quilting Co.

We're Here for Better Quilting.
